GOVERNMENT OF HIMACHAL PRADESH HIMACHAL PRADESH FOREST DEPARTMENT

STANDING ORDER

No. 1/2000 **Dated Shimla-1, the 04-03-2000**

Subject: - Demarcation and Settlement operations in Himachal Pradesh Specification for Boundary Pillars.

The specifications for construction of various types of boundary pillars were ordered vide Standing Order No. 2 / 1992 dated 16.9.92. During the course of discussion at various levels it was noted that these dry stone masonary B.Ps are easily damaged / disturbed by human beings / animals. Moreover, the dry stone masonary pillars require frequent repaires. It is, therefore, necessary to construct the boundary pillars of permanent nature.

Therefore, in supersession of office order No. 2 / 1992, dated 16.9.92 following specifications are ordered. These will, however, be applicable to areas where new boundary pillars are to be constructed. In forests where B.Ps already exists, the existing pattern will be continued.

1. Specifications:

Kind of B. Ps.	**Size of Boundary Pillars (in cm.)**				**Remarks.**
	Foundation	**Base**	**Top**	**Height**	
(i) Main Pillars.	100x100x15	80x80	40x40	100	The foundation will be dug 25 cm. Deep. A layer of charcoal/lime will be laid at the bottom of the pillar. After construction the foundation will be covered with earth. The B.P. number will be engraved on pillar when cement plastering is fresh.

					After white washing, the number will be painted black. The B.P. will be in random ruble stone masonary in 1:6 cement mortar. There will be an iron rod with triangular base in the center.
(ii) Chalk-Pillars.	80x80x15	60x 60	30x 30	60	As above except that the pillar will also be in cement concrete.

2. Procedure for construction of these Boundary Pillars: -

The design for construction of these boundary pillars is enclosed. The exact location as pre Revenue (Settlement) maps will first be ascertained and clearance of site done. Then required foundation (25 cm.) deep will be dug out. The 25cm. Depth will be on the downhill side. The orientation of foundation will be in such a way that two sides are perpendicular to the line joining this pillar and next pillar. A thin layer (3-4cm) of lime and charcoal will be laid in bottom and some cement concrete (40 mm) (1:6:12) will be laid (4-6). On it the triangular shaped base of iron rod will be erected in center. The thickness of foundation be made up to 15cm by 40 mm cement concrete (1:6:12) keeping iron rod straight.

Then the pillar will be constructed after leaving a step of 10cm on all sides. The main pillar will be constructed in random ruble stone masonary in 1:6 cement mortars as shown in design. The hammer dressing of stones will be done on one side i.e. outer. Proper orientation of pillar will also be ensured. Iron rod will be kept straight. The base of iron rod will be triangular as shown in the design. After construction, 15 mm cement plaster (1:6 cement mortars) will be done on all four sides and on top. The B.P. number will be engraved on side opposite the next B.P. Proper curing will be ensured. Afterwards two coats of white washing will be done after preparing mixture properly. The B.P. number will then be painted black. The ground will be leveled by filling earth in the left out excavated portion.

Same procedure will be followed in case of chalk pillar except that here the pillar will be laid filling cement concrete (1:3:6) with 25 mm concrete in frame/shuttering of specified size. The plaster here will be 6 mm in 1:4 cement mortars.

3. Orientation and numbering:

The orientation of the B.Ps will be in such a way that the one-side feces the direction of next boundary pillar i. e. is perpendicular to the line joining this pillar and the next pillar. The B.P. number will be

engraved on face opposite (back side) to which faces the next B.P. later on the number will be painted black.

4. There will be no change in specification and size of existing B.Ps.

GUIDELINES FOR STRENGTHENING OF JOINT FOREST MANAGEMENT (JFM) PROGRAMME

(Circular No.22-8/2000-JFM(FPD) Forest Protection Division Ministry of Environment & Forests, Government of India, New Delhi dated 21st February, 2000)

As per the provisions of National Forest Policy 1988, the Government of India, vide letter No. 6.21/89-PP dated Ist June,1990, outlined and conveyed to State Governments a framework for creating massive people's movement through involvement of village committees for the protection, regeneration and development of degraded forest lands. This gave impetus to the participation of stakeholders in the management of degraded country is structured on the broad framework provided by the guidelines issued by the Ministry. So for, during the last ten years, 22 State Governments have adopted resolutions for implementing the JFM programme in their respective states. As on 1.1.2000, 10.24 million ha of forests lands are being managed under JFM programme through 36,075 committees.

The JFM programme in the country was reviewed by Government of India from time to time in consultation with State Governments, NGOs and other stakeholder in view of Governments may take action on the following suggested lines.

(A) Legal backup to the JFM Committees.

(i) At present, the JFM committees are being registered under different names in various States as per the provisions contained in the resolutions. Except in a few States where the committees are registered under the relevant acts, in most of the state there is no legal back up for these committees. It is, therefore, necessary that all the State Governments register the JFM or village committees under the Societies Registration Act, 1860 to provide them with legal back up. This may be completed by 31st March, 2000. Completion of such formation of existing JFM committees may please be reported to this Ministry.

(ii) There are different nomenclatures for the JFM committees in different States. It would be better if these committees are known uniformly as JFM committees (JFMC) in all the states. Memorandum of Understanding, with clearly defined roles and responsibilities for different work or areas should be separately assigned and signed between the State Governments and the committees. All adults of the village should be eligible to become members of the JFM Committees.

(B) Participation of Women in the JFM Programme:

Considering the immense potential and genuine need for women's participation

in JFM Programme, following guidelines are suggested for ensuring meaningful participation of women in JFM.

(i) At least 50% members of the JFM general body should be women. For the general body meeting, the presence of at least 50% women members should be a prerequisite for holding the general body meeting.

(ii) At least 33% of the membership in the JFM Executive Committee/Management Committee should be filled from amongst the women members. The quorum for holding meeting of such Executive/Management Committee should be one-third of women executive members or a minimum of one whichever is more. One of the posts of office bearer i.e. President/Vice-President/Secretary should be filled by a woman member of the Committee.

(C) Extension of JFM in good forest areas:

For better resource planning and collective management distance from the village and dependency on forests should be the main criteria for allowing JFM programme to operate. Therefore, JFM programme should cover both the degraded as well as good forests (except protected areas network). The micro plan or treatment plan and memorandum of understanding should be different for degraded forests and good forests (crown density above 40%). In good forest areas, the JFM activities would concentrate on NTFP management and no alteration should be permitted in the basic silvicultural prescription prescribed in the Working Plan but to promote regeneration, development and sustainable harvesting of NTFP which can be given free or on concessional rates as per existing practice in degraded areas under JFM committees will be eligible for benefit sharing for timber, only if they have satisfactorily protected the good forests for a minimum period of at least 10 years and the sharing percentage should be kept limited to a maximum of 20% of the revenue from the final harvest. The felling of trees and harvesting of timber will be as per the provisions of the working plan. A certain percentage of revenue from final harvest should be ploughed back in the Silviculture and management of the forests. The extent of good forest areas to be allowed will depend upon the number of village households and should be restricted to a maximum limit of 100 ha and generally limited to 2 km from the village boundary. For degraded forests also as far as possible JFM should be first concentrated on areas up to 5 km from the village boundary. The implementation of JFM in good forest areas shall be done in a phased manner on pilot basis. The pilot areas may be monitored closely for a few years and based on the feedback and success achieved the programme can be extended further in consultation with the Central Government. Before allowing the good forests on pilot basis, all the degraded forests of that locality should be covered simultaneously.

(D) Preparation of micro plan in JFM areas.

(i) In case of new working plans a JFM overlapping working circle should be provided to incorporate broad provisions for micro plans. To achieve these flexible guidelines should be evolved for preparation of local need based micro plan. For this purpose, the working plan officer will work in tandem with the territorial DFO and CF for finalization of the prescriptions of the JFM overlapping working circle. The micro plans should be prepared by the Forest Officers and Village Forest Protection Committees after detailed PRA exercise and should reflect the consumption and livelihood needs of the local communities as well as provisions for meeting the same sustainably. It should utilize locally available knowledge as well as aim to strengthen the local institutions. It should also take into account marketing linkages for better return of NTFPs to the gatherers and should also reflect the needs of local industries/productive potential of the forests and their carrying capacity as also their conservation and biodiversity values.

(ii) In areas where the existing working plans are in force (till their revision in future), for incorporation of micro plans in the working plans, a special order may be issued by the Pr. CCFs for implementation of the micro plan. In these areas, micro plan should aim at ensuring a multi-product and more NTFP oriented approach. Without changing the basic principles of Silviculture, deviations may be approved in the existing working plan if necessary. To ensure this, the concerned DFO and CF should dovetail the requirements of micro plans with the working plans.

(iii) The micro plan should also take into consideration and provide suitable advice for areas planted/to be planted on community lands and other Government outside the notified forest areas including in the district council areas of North East.

(iv) Infrastructure/Eco development under micro plan should form a separate entity for funding it through concerned development agencies.

(E) Conflict resolution:

In order to resolve conflicts in the functioning of JFM committees and to maintain harmony among different groups participating in the JFM, State Governments may constitute divisional level representative forums or working groups. This forum/ group should include representative from all the stakeholders including NGOs. The model prescribed by the Andhra Pradesh Government for this purpose is a case in point for consideration.

(F) Recognition of Self-initiated groups:

The community groups in many places in Orissa, Bihar, Gujarat, Andhra Pradesh and Karnataka are performing the essential functions of forest protection and regeneration. These groups need to be identified, recognized and registered as JFM Committees after proper verification of records and enquiry. The period of their existence and duties performed for protection and regeneration should be suitably assessed and proper weightage given to them for deriving benefits under the JFM programme.

(G) Contribution for Regeneration of Resources:

For long term sustainability of resources, it is essential that a mechanism is created for ploughing back a certain percentage of the revenue earned from final harvest. For this purpose, no less than 25% of the share of village community should be deposited in the village development fund for meeting the conservation and development needs of the forests. A matching contribution may be made by the forest department from its share of such sales. There should be transparent mechanisms fro computation of income for sharing the benefits between different stakeholders.

(H) Monitoring and Evaluation.

Concurrent monitoring of progress and performance of this programme should be undertaken at Division and State level. Evaluation of the programme should be planned at an interval of 3 years and 5 years at Division and State level respectively.

GOVERNMENT OF HIMACHAL PRADESH DEPARTMENT OF FOREST

File No. FFE-C (9)1/2001 Dated 23.8.2001

NOTIFICATION

The Governor Himachal Pradesh is pleased to promulgate the following scheme for sustainable management of forest resources in the State in collaboration with the local communities namely:-

1. This scheme shall be called Sanjhi Van Yojna Scheme, 2001.
2. It shall come in to force with immediate effect.
3. The existing Sanjhi Van Yojna Scheme 1998, the Parishram Hamara, Van Hamara Scheme, 2000 and the Apna Van, Apna Dhan Scheme, Which was to be launched during the year 2001 shall stand clubbed with the Sanjhi Van Yojna Scheme, 2001.

1. Objectives: The present scheme shall have the following objectives:-

i) Involvement of grass root level institutions such as Gram Panchayats, Mahila Mandals, Yuvak Mandals, Ex-servicemen's bodies, Schools, Village Forest Development Societies (VFDSs). User Groups, other Community Based Organisations (CBOs) and NGOs in sustainable management of forest resources.

ii) Grant of 100% income from plantation to the VFDSs and Panchayats.

iii) Grant of total usufruct rights to the VFDSs.

iv) Regeneration of degraded forest areas and conservation & sustainable use of forests through community involvement.

v) Involvement of local communities in the choice of species, to be planted under this scheme.

vi) Creation and enhancement of social, physical and financial capital of the participating communities for poverty reduction.

vii) Special emphasis on involvement of women in the scheme.

viii) Address problem of rural un-employment by utilizing degraded forest land for large scale plantations.

ix) Establish linkage between Food for work Programme and the present scheme by making wage payments in the shape of food grain under the scheme.

x) Increasing productivity of the Forest areas by improvement of nursery stock and adoption of mixed plantations.

xi) Training of forest staff, VFDS members and CBOs/NGOs for facilitating and strengthening community participation.

xii) Gradually empower local communities and local level institutions to become more pro-active in sustainable forest management.

xiii) To help VFDSs achieve financial viability and sustainability by introducing proper mix of short and long duration cropping patterns as a short and long term objective to ensure their continued participation in the scheme.

5. Strategy:

The scheme shall be based on the following five principles of Participatory Forest Management:-

1. Recognise that participatory processes are critical to Sustainable Forest Management in the State.

2. Recognise that to institutionalize participation, strengthening of local institutions like the Panchayats, Village Forest Development Societies. User groups etc., and the Forest Department is essential.

3. Recognise the link between rural poverty reduction and the sustained and increasing availability of forest resources and access to them for the rural communities, particularly the poor to target pockets of poverty in the state.

4. Recognise that the role of the HP Forest Deptt. as the main facilitating agency for PFM shall need to be complemented by a regular, equitable participatory system through which stakeholders on their own meet and debate strategic issues, consider optimal solutions and form partnerships. In strengthening the latter, the engagement of Non Governmental Organisations (NGOs) and Community Based Organisations (CBOs) would be encouraged.

5. Recognise that Gender issues forma thematic concern in PFM. Thus a gender sensitive approach shall be adopted within the HPFD and amongst the organized community groups involved with PFM.

6. Implementation:

The scheme shall be governed by the PFM Rules 2001 promulgated vide Notification No. Fts. II(B)15-1087 dated 23.8.2001.

7. Coverage:

(i) To begin with the existing 364 VFDSs and 153 VFDCs formed earlier under the Sanjhi Van Yojna and the Himachal Pradesh Forestry Project in Kullu and Mandi shall be brought under the umbrella of this scheme.

(ii) The scheme shall be extended to other areas subsequently.

(iii) In tribal areas of the state the scheme shall be implemented from the current financial year i.e.2001-2002.

8. Process Approach:

Since Participatory Forest Management entails a process approach, the scheme shall not be target driven. For the long-term success and the sustainability of the village level institutions, it is important that proper and adequate methods of community organization and management are followed. Thus, normally in the first year where the scheme is introduced, major emphasis will be on the systematic and sequential formation of VFDSs, training of staff, CBOs and community members. Towards the end of the first year, a well documented but simple and understandable micro-plan shall be made ready for approval and implementation during the next year. The procedure for approval of micro-plans as laid out in the PFM processes shall be strictly followed. The Forest Department shall also begin creation extension of nurseries in the first year so that plants are ready in the second year.

9. Funding:

(i) The funding under the scheme to the VFDSs for works to be carried out by them shall be made in the form of Grant-in-Aid (GLA) to the concerned society by the Divisional Forest Officer (DFO) concerned.

(ii) The Grant-in-Aid shall be governed and regulated as per the GIA Rules notified vide Notification No. FFE-B- (G)9-6/99 dated 31.5.2000.

(iii) The GLA shall be deposited in the bank account of the VFDS and unspent funds shall be allowed to roll over to the next financial year.

10. **Contribution by the VFDS:**

On the pattern of Vikas Mein Jan Sahyog policy of the Government each VFDS shall be required to make cash contribution of 15% of the annual outlay under the approved micro- plan. This contribution can be made in installments during the year provided each installment is 15% of the GIA being released to the VFDS at one time. In the case of plantation work this contribution can be in the form of shramdan and deducted from the wage bill for the plantation work.

11. **Maintenance of Assets:**

The maintenance of physical assets created under the scheme shall be the responsibility of the VFDS concerned. For plantations, however, the Forest Department shall continue to supply planting material to the VFDS on demand free of cost for three years including the year

of plantation. Thereafter, for any further supply of plants price will be charged from the VFDSs.

12. Income Generation Activities:

(i) In order to enhance the economic stake of rural communities in the conservation and sustainable utilization of forest resources as well as to create means of income for the VFDS and its members, forestry related income generation activities shall be promoted under the scheme. Such activities may include water harvesting and its use for irrigation drinking purposes. In-situ or Ex-situ growing of medicinal plants of high economic value within the selected areas or even on private lands. Value addition to medicinal raw drugs through simple, semi processing etc., and training in these Introductions of improved grasses and development of village pastures. High density fuelwood fodder plantations. These examples are illustrative only and suitable income generation activities can be adopted as per the local conditions.

(ii) The income generation activities, however, shall commence only in the second or third year of the micro-plan. The proportion of funds, earmarked to support income generation activities shall be as enumerated in the subsequent paragraphs.

13. Input Sharing Arrangement:

(i) The HPFD shall encourage social fencing by the VFDSs as a matter of policy. Wherever necessity of physical fencing arises it shall be done by using local materials like bushes etc. In order to encourage social fencing, funds that are normally spent on fencing, including cost of materials, shall be made over to the VFDSs. The VFDSs shall then be free to use this money for protection of the plantations as they deem fit. (ii) Tools, implements and other material required for carrying out activities under the approved micro-plans shall be arranged by the concerned VFDS.

14. Usufruct Sharing:

(i) 100% of forest produce including Non Timber Forest Produce (NTFP) and all intermediate harvest from the closed area (s) shall go to the VFDS.

(ii) 75% of the final harvest shall go to the VFDS and 25% to the Panchayat concerned. However, out of 75% share of the VFDS from the final harvest 40% shall be earmarked for regeneration conservation activities within the closed area(s) of that VFDS.

15. Norms for allocation of budget:

The statement of Annual Plan of Operations (APO) under various micro plans shall be submitted by the DFOs to their respective Conservators who shall scrutinize these APOs vis-

à-vis Micro plans submitted to them and shall allot the budget accordingly. Component wise allocations shall be made as per the ratio proportions given in the following table. However, in the first and second year of the execution of the scheme emphasis shall be given on the initial processes of establishing nurseries, preparation of the micro-plans, soil and moisture conservation measures, workshops, and training to ensure sustainability. Accordingly in the first two years of the scheme the budget allocation shall be at variance from the norms given in the table below:

HP Forest (Timber Distribution to Right Holders) Rules, 2010:

1. Introduction:

These rules cover the Timber Distribution (T.D.) Rights for construction and maintenance of residential house, cowshed; that too for bonafide domestic use without affecting the other rights contained in the Forest Settlements in operation. Some doubts and misconceptions are uncalled for and are clarified as under.

- The rules are Forest centered based on the principle that if the forests will remain then only people will be able to exercise rights; e.g. Timber distribution (TD). Further these rights are People centered; more so for the rural poor.
- The rights recorded in Settlements other than Timber distribution (TD) like free grant for last rites of the dead, collection of medicinal herbs, grazing etc. have not been touched upon and would remain to be exercised as they were in the past.
- To have greater transparency involvement of people in Timber Distribution through their Gram Sabha has been ensured.

2. Rationalization Process:

Hon'ble High Court before deliberating and deciding the issue under consideration of PIL with them directed the State Govt. to rationalize the timber distribution process which took into account the following aspects:

- TD rights are linked to Land holding in rural areas, specifically for construction of house/ cowshed for bonafide personal use, TD rights in Urban areas has been done away with.
- If a Right Holder has land holding at more than one place then TD will be granted at only one place as chosen by the Right holder.
- TD will only be enjoyed by original Right Holder and not by those who have purchased land after taking permission under Section 118 of the HP Tenancy and Land Reforms Act, 1972 from now onwards.
- The ratio of TD rates of Chil, Deodar and Kail at the time of Forest Settlements (over 100 years ago) when their rates of TD were initially fixed was 1:5 to 1:8. This has now gone to 1:88700 in case of Deodar, 1:30000 in Kail, and 1:15000 in Chil, thus necessitating rationalization.
- The people would be given converted timber near their place of residence at rate of 30% and 10% (for BPL) of average weighted average (commercial) rates at which timber is sold by HP State Forest Development Corporation.

3. Legal position:

The various settlement reports mention that '***if the exercise of rights as admitted in any forest, would endanger the existence of forest, the extent to which the rights will be exercisable can be re-determined and should the exercise of rights become detrimental to the exercise of the forests over which these are exercised, the extent to which the rights will be exercisable can be re-determined***'.

Yet this option has seldom been exercised in the past for conservation of forests. H.P. Forest Settlement Rules, 1965 have been framed under Section 76 of IFA, 1927. The guiding principle laid down for determining the rights and concessions under these rules are as under: "***All these rights and concessions are meant for the satisfaction of personal bonafide requirements and subject to condition that forests are to be maintained in perpetuity. The right of user of easement is always a limited one; it can never extend so as to destroy the servient estate. The right exists so long as the (servient) property is safe or continues to exist, because if the (servient) estate cases to exist, the right ceases with it. So while dealing with the claims, the Forest Settlement Officer should see that the forests are not unduly burdened***".

Keeping in consideration the powers delegated to the state Govt. under Section 32 of IFA, 1927, based on the guiding principles under HP Forest (Settlement) Rules, 1965 and the orders passed by Hon'ble HP High Court the HP Forest (Timber Distribution of Right Holders) 2010 have been formulated and notified.

ECO-TOURISM POLICY, 2024

Of

HIMACHAL PRADESH

HIMACHAL PRADESH FOREST DEPARTMENT

1. PREAMBLE

Himachal Pradesh, known for its rich natural heritage, is amongst the top tourist destinations in the country, both for national as well as international visitors. Recent estimates, place the number at about 160 lakh visitors –more than twice the State`s population. However, much of the tourism related activity is concentrated in four major locations, Shimla, Manali, Dharamshala and Dalhousie. A majority of the visitors do not get an opportunity to experience the rich bio-cultural diversity contained in the many Forest areas, Sanctuaries and National Parks that comprise such a large part of Himachal Pradesh.

The Forest Department of Himachal Pradesh framed an Eco-tourism policy during 2005 to enable tourist to experience this national heritage. The policy needed revision mainly due to the procedural requirements of obtaining clearance of Eco-tourism sites under Forest Conservation Act, 1980 as per guidelines of the Ministry of Environment, Forest & Climate Change (MoEF&CC), Government of India. Some changes in the existing policy document have also been necessitated in the context of the evolving understanding of Eco-Tourism concepts and principles.

The Forest Department of Himachal Pradesh framed an Eco-tourism Policy in2001 which was revised in 2005, 2016 and in 2017 to promote Eco-tourism intheState.Now,Eco-tourismPolicy2017requiressomeamendmentstopromote Eco-tourism activities in the State and in consonance with procedural requirements as per the MoEF&CC (*Van Sanrakshan Evam Samvardhan Adhiniyam), 2023* which is an amendment to the Erstwhile Forest Conservation Act,1980 as well as the Ministry's guidelines on Sustainable Eco-Tourism in Forest and Wildlife Areas issued in 2021.

The Revised Eco-Tourism Policy **2024** aims at bringing the wilderness and virgin ecosystems of Himachal Pradesh closer to visitors and at the same time ensure adequate safeguards and systems for the protection and conservation of these natural resources. By involving local communities, the policy would help in increased livelihood opportunities as well as their involvement in awareness building, protection and conservation. It also envisages generation of financial returns which can be ploughed back into proper up keep and maintenance of the

environment. It shall also promote greater understanding and appreciation for natural and cultural heritage.

CONCEPT

'Eco-tourism', in a very broad sense, means venturing into and enjoying nature in such a way as to assure that negative impacts on the cultural and natural environment are minimized and mitigated. It is, therefore, 'responsible' tourism, which, besides being ecologically and culturally sensitive, helps the local communities in realizing social and economic benefits.

This Policy is based on the understanding that involvement of local communities in eco-tourism would support their livelihood needs and consequently create a stake for them in the conservation of local culture, ecology, and environment.

2.1 DEFINITIONS AND KEY TERMS RELATED TO ECOTOURISM:

(viii) Allotment of Projects

Such projects shall be allotted to the private sector through a transparent and competitive process. The Guidelines issued by the Ministry of Finance, Government of India for Formulation, Appraisal and Approval of Public Private Partnership Projects shall be broadly followed for greater transparency. The following stepwise procedure shall be followed.

a) Step-I: Project Identification-Selection of new sites

The concerned Divisional Forest Officer will initiate ecotourism planning by including Ecotourism Chapter in the approved Working Plan of the Division based on identification of eco-tourism sites, including carrying-capacity analysis, propose ecotourism activity, categorisation of infrastructure support that may be allowed, and training and capacity building needs of the partners.

I. **Eco-tourism Plan or DPR:** An Eco-tourism Plan or DPR shall be prepared for every eco-tourism site by the Operators. The prepared Plan shall be approved by HPECOSOC for sites under various controls as follows:

II. **For Sites within Forest/Protected Areas:** The Eco-tourism Plan for the areas falling inside the notified forest/protected areas shall form part of duly approved Working Plan/Management Plan/ Working Scheme.

III. New Eco-Tourism Projects proposed to be taken up through PPPs may be identified through various channels of Forest Department and forwarded to the HP ECOSOC by Circle level societies. The forest land to be leased out for each project shall be maximum upto one (1) hectare and no felling of trees should be involved. HP ECOSOC will assess prima facie feasibility keeping in view relevant parameters of access, infrastructure, attractions, etc. and secure government approval to proceed further in the matter. This will involve engaging of consultants for project formulation, preparation of bidding documents and assisting in this process. The Himachal Pradesh Infrastructure Development Board (HPIDB) shall be asked to assist in this process as envisaged in the HP IDB Act and as per the instructions of the Finance Department issued from time to time.

IV. **Allotment of more Than 1 Hectare of Forest Land for Ecotourism Activities in certain cases :**

This policy also aims to promote sustainable tourism by limiting the use of land for such activities to minimize environmental impact. However, certain ecotourism projects with significant environmental, economic, and social benefits may require more than 1 hectare to operate effectively. These include projects such as eco-huts, large-scale conservation tourism, and wildlife safaris, which may need additional space to maintain their ecological balance while providing a unique visitor experience.

In order to accommodate such projects, allotment of more than 1 hectare for ecotourism activities is permitted, on case to case basis.

Certain projects that require more land may include:

- Eco-Huts and Retreats: Some eco-huts with a focus on sustainability and conservation need larger areas for eco-friendly infrastructure, organic farming, or forest preservation.

- Biodiversity Parks and Nature Parks: Nature-based recreational areas may require more land to maintain low visitor density and ensure minimal disturbance to the natural environment.

- Wildlife Conservation Projects: Projects focused on wildlife conservation or safaris may need larger areas to ensure the protection of species and ecosystems, while allowing tourism activities in a responsible manner.

Each of these cases must be backed by a comprehensive justification, ensuring that the allotment aligns with the State policies and that any additional land use remains sustainable.

In such cases, the project proponents (both public and private) may apply for Forest land more than 1 hectare. The justification for the need for additional space must be submitted to the government, detailing the following:

- Carrying Capacity of the project as per MoEF& CC guild lines.
- The economic and social benefits to the local community.
- How the project supports conservation efforts and sustainable tourism practices.

The government, through the Himachal Pradesh Ecotourism Society (HPECOSOC) and other relevant authorities, will review the proposal, ensuring that any additional land is used responsibly and that the project contributes to the State's ecotourism objectives.

The allotment of Forest land above 1 ha. for the furtherance of Eco-tourism initiatives shall require the approval of the Cabinet on case to case basis.

b) Step II: Approval of HPIDB to Final Project Proposal

A model RFP has already been prepared in consultation with one of the agencies empaneled with the HPIDB. This model RFP may be used for design, development and maintenance of eco-tourism sites. However, in case, the department proposes to deviate from the model RFP, the department will approach HPIDB again.

Step III: Approval and Allotment of Ecotourism Sites for Further Outsourcing and Maintenance by Operators

In order to promote sustainable ecotourism, a comprehensive assessment of potential ecotourism sites has been conducted in the State and these potential sites are incorporated in the Master Plan as well as the ecotourism chapters in the respective approved Working Plans, Management Plans etc. The reserve price for these sites need to be assessed by a committeeconstituted by the Head of the Department. This Committee shall propose the ecotourism sites deemed suitable for outsourcing design, development and maintenance, along with recommendations for reserve prices that are reflective of the Unique Selling Propositions (USPs) and the ecotourism potential of each site. Once the approval

as such has been granted by the administration department, the outsourcing of design, development and maintenance process shall be initiated by the HPECOSOC. It is proposed that the remaining process of tendering, approval of tender and entering into agreement etc., of the ecotourism sites, shall be completed by the Executive Committee (EC) of HPECOSOC. It is pertinent to mention here that the Executive Committee (EC) is headed by the Secretary (Forest) with CCF (Eco Tourism) as the Member Secretary. The EC shall ensure a transparent and competitive process, in compliance with State regulations, and will finalize the allotment based on the highest annual concession fee proposal received from the operator, while also considering the letters capacity to sustainably develop the site.

Eligibility conditions for DDM operators will be as specified in the RFP as per criteria enclosed at Annexure-A.

c) Step- V: Eco-restoration

(i) Sites that shall be offered for Eco-Tourism projects shall be returned back by the entrepreneur after the project period as envisaged in the Concession Agreement is over. The entrepreneur shall pay eco-restoration charges as specified in the Concession agreements and any subsequent agreements mutually arrived at thereafter.

(ii) Eco-restoration refers to the scientific practice of ecological restoration, which is the practice of renewing and restoring degraded, damaged, or destroyed ecosystems and habitants in environment by active human intervention and action.

(iii) The idea is to bring back the site to its original condition (or as near to original as possible), through interventions designed to (a) mitigate the impacts caused by humans on forest lands and (b) allow/ supplement process of natural rejuvenation. The structures put up will be transferred to Forest Department as such and will not be removed.

d) Step- VI: Distribution of Revenues generated through Eco Tourism:

(i) HP ECOSOC and Division/Circle Level Eco-Tourism Societies shall act as the repository of all possible sources of funding, like grants from State Tourism Department, Tourism Department of GoI, HP State CAMPA and other such sources.

(ii) HP ECOSOC and Division/Circle Level Eco-Tourism Societies shall generate

resources from (a) levy of user charges/concession fee on eco tourism sites in PPP mode, (b) fees from van vihars, camps, treks, trails, film shooting, rest houses etc.

(iii) Distribution of Revenue generated through Eco–tourism sites, Van Vihars, Van Chetna Kendra and Nature Awareness Centres and use of government assets such as rest houses shall be as under:

a) **State Government Share:** 20% of the total revenue realized shall be deposited in the Government treasury.

b) **HP ECOSOC Share**: 20% of the total revenue realized shall go to the HP ECOSOC

c) **Division/Circle Level Eco-Tourism Society Share**: Remaining 60% revenue shall remain with the Division/Circle Level Eco-Tourism Society to implement the action plans and also for further sharing with the local Gram Panchayats/communities for which appropriate guidelines shall be framed.

d) **HPSFDC Ltd/ HPTDC Share**: The HPSFDC Ltd. / HPTDC shall make use of 60% share for the Promotion of Eco-Tourism as well as a proportion out of this amount shall go as revenue to the Corporation. Appropriate guidelines will be framed for this purpose.

e) Impact assessment studies, research and 'do not disturb' practices:

(i) Impact assessment studies would be carried out at periodic intervals so as to ascertain impacts of eco-tourism on environment and remedial measures taken.

(ii) Impact assessment studies would also be carried out to gauge the efforts being made for education and awareness about nature and ecology through eco-tourism.

(iii) The number of tourists permissible shall be kept within limits. The carrying capacity concept will be the cornerstone of the State's Eco-Tourism Policy. Carrying capacity shall be determined for various eco-tourism products i.e. sites, trekking sites/trekking circuits.

(iv) Eco-tourism would aim to have low impact on environment and minimal infrastructure requirements.

(v) Regulatory measures to ensure social, cultural and environmental sustainability as well as safety and security of tourists shall be enforced through appropriate instruments.

(vi) There would be conscious effect towards poverty alleviation, employment generation and environmental regeneration.

(vii) A set of 'do not disturb' guidelines would be issued for educating tourists, private

enterprises so as to inculcate the right eco-tourism spirit, to minimize the use of resources for recreation and for general protection of nature.

(viii) Research shall be undertaken in various facets of eco-tourism, with a view to encourage eco-tourism, minimize negative impacts, eco-restoration techniques and technologies and to offer better eco-tourism products including their marketing.

J) Future Policy for Existing Sites - Impact Assessment Studies:

Impact assessment studies to evaluate the on-going projects shall be carried out immediately. Based on that, fresh project formulation is proposed by following the same process as already specified for new sites. The only difference will be in selection of PPP partner. Swiss Challenge method will be used for allotment on the culmination of the term of the project. This will allow the existing partners (subject to their meeting eligibility conditions) to match a higher financial bid by any other person, subject to any minimum conditions of original bid amount specified in the RFP. The existing sites given for the term less than specified in this policy i.e. ten years extendable by five years may be brought under the amended policy through mutual agreement.

K) Eco Club:

An Eco Club has been created at the State level for promotion of Environment conservation related activities. Any individual interested in Environmental conservation and Nature may become member of the Club. The Club promotes Environment & Nature conservation in Himachal Pradesh. All the persons staying in any of the Eco-tourism sites will be encouraged to become members of the Club in order to continue their long term association with the Eco-tourism sites. It is hoped that the membership will increase gradually and will go in lakhs. There will be tremendous support for such environmental friendly activities in H.P. Eco Clubs will be registered as separate society with Chief Secretary as Chairman and the Hon'ble Chief Minister as Chief Patron.
